COLLEGE ABOUT TO BE FIRED

When Officers Appeared and Arrested the Owner, It Is Alleged.

Prestonsburg, Ky.—A few days ago John L. Coleman, of Mt. Sterling, agent for the Ohio German Insurance Co., received a tip that a plot had been made to burn the Barrington college, which was insured in his company. Mr. Coleman had paid one loss on a suspicious fire at that school and was determined to investigate. He accordingly secured the services of C. R. Overly, a detective, and sent him to the scene. It is charged that Overly found a man named Frank Ellis, who was suspected, and told all about the plot. He was told by the detective, so it is said to carry out his part of the program and they would catch W. M. Barrington, who owned the school, Ellis having told the detective that Barrington had offered him \$800 to burn the building. Under the instructions of Overly, it is further related, Ellis carried out the arrangements with Barrington and poured two gallons of oil in the building. Barrington was in the room with Ellis, it is alleged, and the building was about to be fired when the sheriff of Floyd county and Overly arrested both men as they came out of the building. Barrington is very wealthy and very influential. Ellis is a poor man and will be used as a witness.

BURGLAR RAN FOR DOCTOR

That the Woman Accidentally Shot Might Live.

Glasgow, Ky.—A burglar going for a physician that the woman accidentally shot when he was breaking into her home might not die, it is reported from Hardin county. Matt Sandage, a cripple, and his wife were awakened by the burglar's movements. Sandage and his wife picked up firearms conveniently adjacent and commanded the intruder to depart. He declined, and the couple began firing. Mrs. Sandage's shot caught on the trigger of her gun and the load entered her right thigh. "For God's sake, call a doctor!" Sandage cried to the burglar. The burglar departed at once, and within short time a physician arrived, saying he had been summoned by a stranger. Mrs. Sandage's recovery is considered doubtful. A man giving his name as Peak has been arrested, charged with the attempted burglary.

OFFICIAL COUNT

Of Kentucky's Vote Will Cause No Changes, It Is Predicted.

Frankfort, Ky.—The democratic state executive commission will canvass the returns of the recent state primary and issue certificates to the successful candidates. There is no probability that the official figures will change the result of any race, it is predicted. The only candidate not living in Frankfort who has arrived to witness the official count is M. O. Wilkey, of Bell. A meeting of the state election commission was called for Monday, November 26, to canvass the returns in the congressional election. The law says the count must be made that day, whether the returns are all in or not, but Boone county has failed to report thus far, and unless its returns are in by Monday Joe Rhinock might lose his seat in congress.

Feudist Feltner's Trial.

Lexington, Ky.—Advice from Bentleyville state that the case of Jesse Feltner, of Hamilton, O., formerly a Breathitt county feudist, who is charged with plotting to assassinate Judge James Hargis, will begin in the circuit court there.

Business Houses Burn.

Campden, Ky.—The brick store of Sewell Combs, the Farmers' bank and several other buildings were burned. The business section of the town was destroyed. Loss \$20,000 and insurance \$15,000. The origin of the fire is unknown.

Lexington Couple's Escape.

Louisville, Ky.—Joseph C. Vannemier and Mrs. Vannemier, of Lexington, Ky., had a narrow escape here when a couple taking them from the Galt house to the station was struck by a car at Fourth and Jefferson and overturned.

Left An Apology.

Louisville, Ky.—Leaving a note apologizing to the management of the hostelry for "mussing up the room," C. F. Kimball, a traveling man of Topeka, Kan., sent a bullet through his right temple at the Seelbach hotel.

Log Man Breaks.

Cattlettsburg, Ky.—The jam of logs which has been in the breaks of Sandy river at Morrowbone, Ky., for several years has started. Steamboats and other craft have left the mouth of the river for safer landings.

Half a Million Logs.

Barboursville, Ky.—Logs of the aggregate value of \$500,000 have floated down the Cumberland river during the past two days. The best logging tide in years being on. The ensuing prosperity to lumbermen and loggers will be great.

Son-in-Law's Charge.

Owensboro, Ky.—John Stiles, a prominent farmer of Daviess county, was arrested on a warrant sworn out by his own son-in-law, Joseph Howard, charging him with attempting to assault his wife.

HAD A CURE

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists.

FOOD EXPERTS

Will Decide Important Questions Relative To Kentucky Whisky.

Louisville, Ky.—A six days' session of the United States Pure Food Standard Commission will be held in Louisville, beginning December 6. R. M. Allen, of Lexington, state pure food inspector of Kentucky, was here and reserved quarters at the Seelbach to the commission. Whisky distillers are interested in the session for the reason that a standard will be decided upon for straight, rectified and blended whiskies. Under the new law distillers will be required to brand the whiskies as to age. Distillers will be required to brand the product as to its character, whether it is straight, rectified or blended. The members of the commission are: Dr. H. W. Wiley of Washington, United States chemist; Dr. M. A. Scovell, of Lexington, director of the Kentucky experiment station; Dr. William Frear, holding a similar position in Pennsylvania; Dr. E. M. Jenkins, of Yale; Prof. H. E. Barnard, analyst, of Indiana; Dr. Richard Fisher, analyst, of Minnesota; Prof. Elton Fulmer, of Washington and Dr. Weber, of Ohio.

CINCINNATI MAN

Elected President of the Ohio Valley Medical Society.

Louisville, Ky.—The Ohio Valley Medical society elected the following officers: President, Dr. Brooks J. Beebe, of Cincinnati, who had been serving as vice president; vice president, Dr. J. L. Wilgins, of East St. Louis; second vice president, Dr. C. W. Pope, of Louisville; third vice president, Dr. A. E. Stone, of Indianapolis; secretary and treasurer, Dr. I. L. W. Floyd, of Evansville, Ind., elected. Various cities extended invitations for the next annual convention, which will be the ninth. The retiring president, Dr. D. M. Griffin of Cincinnati, and the newly elected officers will select the next meeting place, Evansville, Ind., it is said.

MISTREATMENT

Of the Daughter Who Accuses Him Charged Against Etly.

Louisville, Ky.—The coroner's jury began an investigation of the murder of Mrs. John Etly by her husband, an alleged by her child. Judge James I. R. Tarvin, of Covington, who appears as counsel for the prisoner, demanded that the child, Anna Etly, be brought into court. She is now sequestered by the city authorities. Detective Mart Donahue testified the prosecution expected to prove that Etly was guilty of improper intimacy with his daughter. A dispatch from Cloverport places Etly in a bad light. It is said that when illing in that town a few years ago had mistreated a girl and was compelled to leave.

CHILD ACCUSER

Of Her Father, Alleged Uxoricide, Placed in a Retreat.

Louisville, Ky.—Annie Belle Etly, who accuses her father, John Etly, of the murder of her mother, has been placed in a private institution by Judge C. Wilson, of the juvenile court. Etly entered the order, but he did not make public the whereabouts of the girl. Etly detectives believe that the girl even now has not told all she knows. Etly maintains his nerve and insists that he is innocent. He says that at his examination November 22 he will establish that he has no connection with the crime.

Publishers Discuss Business.

Augusta, Ky.—The publishers of the Ninth congressional district held a successful meeting here, with James Allen, of the Cincinnati Democrat, presiding, and John W. Powling, of the Nicholasville Advocate, as secretary. The league is formed to advance the interest of the newspaper fraternity.

Greenup May Get New Railroad.

Greenup, Ky.—It is reported the work will begin with the coming spring on the new Southern railroad, running from Pullerton southeast, through the county and on to Bristol, Tenn. This would open up almost an exhaustible fire-clay territory and means much to this county.

Big Blaze at Yale.

Yale, Ky.—The store of the Larkin River Lumber Co. and two dwelling were totally destroyed by fire entailing a loss of \$50,000, partially covered by insurance.

Killed by Her Sister.

Olive Hill, Ky.—A 12-year-old child of Edward Young was burned to death in Lawrence county by a younger sister, who playfully set fire to the girl's clothing.

Bridge Washed Away.

Pleasant View, Ky.—The bridge across Cedar Fork river, seven miles north of here, was washed out. A new bridge was being constructed a few hundred yards from the old one, but trunks were still crossing the old structure.

Local Option Election Called.

Middlesboro, Ky.—Judge J. S. Ringham on petition of the qualified number of voters has called an election for December 12 on local option. A lively campaign will be waged between now and then.

CROUP

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. There is no danger in giving it to children for it contains no opium or other harmful drug. For sale by Chas. C. Davis the leading druggist, Mt. Vernon.

You Should Know ALUM'S WORST WORK

Some Mothers, unconscious of the injurious effects of Alum, are daily giving it to their Children by the use of so-called Cheap Baking Powder.

What Mother would do so if she only knew?

Alum's Worst Work is its early harmful influence on the child's digestive organs. Positively Never, should Children of tender years be required to eat it in their food. Secure your Children against Alum in their food.

GRIFFINS MILL.

Farmers are very busy gathering corn. A large acreage of wheat has been sown in this part of the county (which is the extreme western part) and it looks fairly well. The early snowfall of Wednesday the 14th made us believe that Winter had come in earnest; but we may have some pleasant weather yet.

DEAD.—A young Mr. Stepper, who had recently moved into our vicinity from Cawley county to near Bandy on the Pulaski side, died at his home of typhoid fever. Saturday November 17th. His remains were laid to rest in the Poplar Grove burying ground Sunday afternoon in the presence of many dear relatives and friends. He leaves a young wife and three dear children besides a host of friends to mourn their loss. The bereaved family has the sympathy of the entire neighborhood. May God be a father to the three little children and a husband to the dear wife.

Cal McClure has moved to the farm owned by the Laws' heirs; and W. J. Brown moved into the house vacated by McClure. Robt. O'Neal moved to his farm that he purchased from Henry Todd some time ago.—Wm. M. Denney is erecting a new dwelling near Poplar Grove school house.—A new stock of goods will be opened up at Walnut Grove on the Pulaski side in a few days.—W. H. Brown, of the Quail section has moved to his farm recently purchased of H. N. Denney.—The turkey crop is ripe and we are reaping a bountiful harvest in this neighborhood. Different parties buying are giving 10 to 10 1/2 cents per pound. Oh, what a time for the ladies spending their turkey money; and last but not least what a time for the merchants.

The families of Joe Brown and J. B. Cummins spent Sunday with Gaines Cummins and family where all seemed to enjoy themselves highly; the most important part being the noon hour when a bountiful supply of fresh meat and other delicacies were served.—A full supply of bird hunters are in this part from the blue grass section; but where are they going to hunt, you can see post boards everywhere. Say brother farm do we mean it; or do we just merely post our land because we have nothing else to do?—The school at this place is progressing nicely with a large attendance.—H. N. Denney says that if he kills his brother farmers' birds, he will give them half the proceeds. Such work as that is leaning toward the Golden Rule isn't it?—The protracted meeting held at Poplar Grove by Brothers, Koker, of Madison county Godbey, of Pulaski, and Cummins, of this place, closed last Thursday with only one addition. But

hope and do certainly think that much and 'tasting good' was accomplished by the many good lessons taught.

SELLS MORE OF CHAMBERLAIN'S COUGH REMEDY THAN OF ALL OTHERS PUT TOGETHER.

The following letter from a local where Chamberlain's Cough Remedy is well known shows by the unprecedent demand for it that the medicine sells on its own merit. Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale by Chas. C. Davis the leading druggist at Mt. Vernon.

CLIMAX.

Chasteen and Wesley Abney filled their regular appointment at New Hope Sunday.—Mr. and Mrs. Eddie McGuire visited Mr. and Mrs. J. W. Anglin last Sunday.—J. C. Phillips made a flying trip to Berea Monday.—Ab Ballinger is slowly improving.

IN TIME OF PEACE.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have hinged their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it is contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by Chas. C. Davis the leading druggist, Mt. Vernon.

The readers of this paper will be pleased to learn that there is at least one cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co, Toledo, O. Sold by all druggists. Take Hall's Family Pills for constipation.

Protest against the delivery of a proposed address in Chicago by Senator Ben Tillman was made to Mayor Dunne yesterday by a delegation of negroes, the claim being made that it would tend to destroy the harmony now existing in that city among the negro citizens. A conference touching on the matter will be held to day by the parties interested.

The lesson of the past election should come home to the people with added force and effect, simply because they did not exert their prerogative as a voter, and a killer, therefore, of vicious practices and political evils. The Democracy has lost the House by between forty and fifty, in the Sixtieth Congress. It should have won. The one hundred and sixteen Republican majority in the House could have been overcome if the Democrats of the United States, who really are Democrats, who believe in Democratic principles, had come out and voted their honest convictions, because there were enough men defeated—Democratic candidates—by less than three hundred majority, to have won the House.

LOUIS LANDRUM in the Central Record at Lancaster says: "I very one is thankful that political talk will cease for a time. We are especially delighted that the news paper boys will now refill their editorial columns with good, honest sense talk and lay away their tomahawks and scalping knives. Kentucky has the best lot of editors in the land but they lose their heads and do some very disgusting talk when a campaign is on. Now get busy, brethren, and air your views in a far more interesting matter."

KENTUCKY AT JAMESTOWN.

COMMISSION BEGINS WORK FOR REPRESENTATION OF STATE AT BIG EXPOSITION.

With the purpose of providing for the proper representation of the State at the Jamestown Exposition, to be held in Norfolk, Va., April 26 to November 30, 1907, the Kentucky Jamestown Exposition Commission has been organized and incorporated. Headquarters have been opened in the Commercial Building, Louisville, and a campaign of exploitation has commenced. It is the intention of the commission to make the representation typical of the entire State and a replica of the Fort of Boonesboro has been agreed upon as the Kentucky Building. Funds for the erection of the building and the collection and installation will be raised by popular subscription and the sum of \$40,000 will be required for the purpose.

The Commission is composed of the following members: J. Stodert Johnson, Louisville, President; John B. Atkinson, Earlington, Vice President and Director of Finance; Charles E. Hoge, Frankfort, Director of State Building Construction; Malcolm H. Crump, Bowling Green, Director of Forestry Exhibits; James M. Benton, Winchester, Director of Exhibits Manufacturers; Honorary Commissioners, Hubert Vreeland, Frankfort, Director of Agricultural and Horticultural Exhibits; Charles F. Norwood, Lexington, Director of Mineral Exhibits; J. H. Fuqua, Frankfort, Director of Educational Exhibits; William Lindsay, Frankfort, Director of Historical Exhibits. Logan C. Murray, Louisville, is Treasurer, and O. O. Ousley, Secretary. The latter is in charge of the Commission's headquarters.

Seldom has a movement in which the entire State is interested started more auspiciously. The Commission is the outgrowth of action taken at the Fifth State Development Convention held at Winchester October 10 to 12. It was then declared that the great Fair to be held in Norfolk, Va., presents an exceptional opportunity to Kentucky to make the products of her soil and factories known to the populous eastern section of the United States and to foreign countries. The excellent showing made by Kentucky at the World's Fair in St. Louis is still fresh in the memories of Kentuckians and the benefit of this representation is now being felt and seems to increase as time goes on.

Direct requests for contributions to the fund will be made of all financial institutions, manufacturing

plants, lumber and mining companies, mercantile houses and similar enterprises throughout the State. The various commercial organizations of Kentucky will be asked to canvass their respective communities for subscriptions. The time for the collection of funds erection of buildings and installation of exhibits is so brief that the work of the commission must necessarily be prosecuted with the greatest vigor.

Subscription books are now open. Any one wishing to make a contribution should not wait for a personal solicitation but may send check, money order or currency direct to Logan C. Murray, Treasurer, American National Bank, Louisville.

A REMARKABLE WORK.

Our country needs no introduction to Breathitt county, and its bloody record. Unfortunately, Breathitt is not alone in its annals of highland feuds. But people need an introduction to the brave effort to rectify this wrong, and heal this "open sore" of our country.

Eight years ago, a little company of Christian men and women determined to send the Gospel of peace and love to those long neglected and warring neighbors in the mountains, tens of thousands of whom never saw a church. They began without a treasury, or an organ, or patron, or agent. They asked God for help, and received the voluntary aid of a few friends. Eight years ago, they sent one devoted Evangelist into the Cumberland mountains, and God provided three hundred and sixty dollars for his support. Every succeeding year the work has grown, until the last year ninety-seven Evangelists were sent into the mountains of Tennessee, Virginia, North Carolina and Kentucky, and over ten thousand provided for their support, without ever asking a collection from any church. The workers, and the money came from every branch of the church, and every state of the Union, and beyond. These missionaries last year taught 88 Sabbath Schools, with 4621 pupils, preached nearly 4000 times and received 786 confessions of Christ, distributed 500 Bibles and Testaments, and over 3500 tracts. They built last year, eight new mission houses and churches, sent 86 boxes and barrels of clothing to the poor mountaineers, taught 41 day schools and operates the Log College, begun under a tent, and has now 165 pupils, and six teachers, and a splendid plant, twenty-five miles from a railroad. They are preparing for five similar institutions, three of them already built. The Society publishes the only paper, exclusively for the mountaineers, and has received over \$5,000 for founding an Orphans Asylum for the homeless children of the hills.

This work has been done in the "regions beyond" churches and preachers, among the long neglected mountaineers. No wonder a distinguished preacher said, "The Society of Soul Winners is doing the most and best work, with the least money of any missionary society on Earth, so far as I know." Next to the manifest help of God, the Society owes most of its success to the Press of the country, which has given the work its valuable assistance and enlisted Christian people of every church and state in its support. There are three millions of these mountain people, not degenerate and worthless, as some suppose. They are descendants of the Scotch-Irish, and Anglo-Saxon and Huguenot emigrants, the original settlers of this country, and are now the purest stock of Americans on the continent. They are poor and unlearned. This is the work of the American Inland Mission (commonly known as the Society of Soul Winners). It was organized in 1897 with Rev. Dr. Edward O. Guerrant, of Wilmore, Ky., as its President; and Major Robert S. Bullock, cashier of the Fayette National Bank, of Lexington, Ky., Treasurer; Dr. Henry S. Crockett, Secretary, and Rev. H. S. Murdoch, Field Secretary, with a full board of executive and advisory officers. Not one of these receives a cent of salary except for the work in the Mission Field.

All who desire a share in this work, and its reward, can address the President or Treasurer. "Give and it shall be given unto you."

William R. Hearst, in St. Louis, said he would have been elected Governor of New York but for the opposition of McCarren and McClellan.

Wilcott has left us to accept a very lucrative position as assistant cashier of the Pine Knot Banking Co., at Pine Knot, Ky. Here's hoping you the best of luck Robert.—Dr. W. F. Carter accompanied the remains of Dr. Wilhoite to Monterey.—On Tuesday morning at 11:55, our Lord reached down and took the soul from the body of Dr. Acton D. Wilhoite to that beautiful city where no death comes. Dr. Wilhoite was just beginning on his 25th year he being 24 Nov. 6. He was born in Owen county, raised by an uncle and grandmother and with their tender care had made of him one of those sons whom Kentucky is always proud. Dr. Wilhoite was a graduate of the Louisville College of Dentistry, he having graduated with honors in June and located here in July and only practiced his profession six weeks when he was taken down with that much dreaded disease, typhoid fever, and after ten weeks of suffering, passed into the great beyond. It seems hard to give up such a noble and manly boy as he, but in all cases the Lord knows best. Dr. Wilhoite was a Fellow Craft Mason, he having taken sick before he finished his work in that line. He certainly made many friends during his short stay with us. His remains left here Wednesday morning for Monterey where he will be buried Tuesday morning at 10 o'clock. His entire family have our heartfelt sympathy.

APPEAL FOR THE CHILDREN.

A touching appeal is being sent out by the Kentucky Children's Home Society of Louisville, for a generous Thanksgiving remembrance. This is a long-established custom of the society, which usually meets with a generous response. This year, however, on account of the recent political campaign and other counter causes, the society finds itself sorely in need of funds. The expense of accomplishing the rapidly expanding work and of fulfilling its full duty to the great mass of destitute children of the State, is being greater, and unless the public come to the aid of the institution the work will be greatly hampered this year. Destitute children are coming to the care of the society at the rate of more than 100 a month, and the expense is necessarily great. The society is being asked on every hand to take charge of the orphan and abandoned children from every county in Kentucky, and its policy is not to turn a deaf ear to these entreaties. To continue this work it is necessary to call upon the public for a generous response to this Thanksgiving appeal.

SAVED MY LIFE

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

"MUSS" STIRRED UP

BY T. FT'S ACTION IN SUSPENDING ROOSEVELT'S ORDER.

PRESIDENT'S DIFFICULT POSITION

But Does Not Know Protests Were Made—Blacks Want Dunes To Stop Tillman's Speech.

Washington, Nov. 21.—"Is there danger of the suspension by Secretary Taft of the president's order dismissing the three colored companies of the 25th infantry without honor causing friction between the president and the man who has been his chief lieutenant the past two years?" This is the question public men and army officers are asking each other when they discuss this situation privately among themselves.

The situation is an embarrassing one for the president, whichever horn of the dilemma he may take. After reviewing the facts in this case, as submitted to him, the president issued the famous order that put a whole battalion of men out of the service dishonorably, and then started for the isthmus. Some comment has resulted because the order was not promulgated until after the election. The action of the president was supposed to be final, and if criticism followed it might be reasonably supposed that the incident in large measure would be forgotten before the president again reached Washington.

Revived the Interest. If this was the expectation, Secretary Taft succeeded admirably in reviving public interest and intensifying the criticism of the president's original order. Of course, the president could not be expected to know of the deluge of complaints and protests on account of his order, with which the department was flooded after his departure, nor did he know that the New York republican club had condemned his action and called for fair play for these colored troops.

Secretary Taft did know these things, however, and he assumed the responsibility of suspending the executive order until the president could be heard from. Now, with the matter fresh in the public mind, the president must add to the weight of these protests by compelling submission to his original order, or he overrides the secretary; or he must admit that he may have acted hastily if he rescinds his order and reopens the case. Which he will do may be known soon, by which time Secretary Taft hopes to be in communication with the president.

Meanwhile the war secretary will say nothing. He refused to say more than "I can't discuss the case at present." This was interpreted to mean that the secretary could say nothing until he heard from the president and received his instructions. The secretary also declined to say whether he had been in communication with the president by wireless.

Chicago, Nov. 21.—Demand was made on Mayor Edward Dunne by a committee of negroes to stop United States Senator Benjamin R. Tillman's lecture next Tuesday night at Orchestra Hall by police force if the senator persisted in addressing a congregation there for the benefit of the Chicago Union hospital.

The argument advanced by the committee which waited on the mayor was that Senator Tillman could not talk on any subject without bringing in the race problem, and that if he did talk he would excite a riot in Chicago.

TRAIN PLUNGES

Down Mountain Side, Killing or Wounding Every One Aboard.

Asheville, N. C., Nov. 21.—Rushing headlong down the mountain at a speed of about 80 or 90 miles an hour, Train No. 72, a heavy east-bound freight, left the track at a point near Old Fort and the engine and entire train were demolished and all the train crew killed or hurt. A mountain-rail crossed over the mountain to a telegraph station and told the telegraph operator of the occurrence. The train dispatcher's office at Asheville was notified and two wrecking trains and physicians were sent out.

LOST.—A bunch of keys. Finder will please return same to this office and receive reward.

Mrs. Andrew Owens died Monday after an illness of only a few days at her home near Quail.

Some non-subscribers to telephone service often give more trouble than the subscriber and generally no thanks at all.

Carlos Menifree and Walter Adams have the contract for building the new church at Flat Rock and began work on it yesterday.

WHEN:—At the telephone: Don't lose your patience; you are simply powerless, and loss of temper only makes a bad matter worse.

Prof. Marsh, the noted weather prophet whose weather predictions have become famous throughout the United States says we will have a rainy and severe winter.

In John Ramsey, Rockcastle can claim one of the best stone masons to be found any where. This statement is substantiated by his splendid work on Fish's new store.

Jailer O. V. Jarrett, and W. T. Davis, of this office, spent Tuesday near Wadd hunting and were treated to a splendid dinner at the hospitable home of Mr. and Mrs. Thomas Nicely.

The case of James Kennedy for the killing of Milt Estridge at Cra's Orchard on election day, is before the court at Stanford this week. Atty. C. C. Williams is assisting in the defense.

ELOPED:—Edgar Livesay and Miss Bryant, daughter of the late Adam Bryant eloped to Jellico Tuesday and were married, returning here on the early train Wednesday morning. Neither of the parties are very much, if any, over "sweet sixteen."

C. J. Shipp, who had the contracts for building J. Fish's and G. T. Johnson's new store rooms, has in both cases sold his contract to these gentlemen, who will superintend the completion of the work. Mr. Fish's building will be ready for the carpenters to day.

DON'T:—Blame the telephone if you do not perfectly understand at all times the party at the other end of the line, remember that all voices are not alike: some are particular well adapted to telephone conversation, while others are very unsatisfactory.

Mr. Hopkins gave one of his interesting Sunday School lectures at the Christian church last evening. The Steropticon views which he uses are especially interesting to the young folks. He will give another lecture this evening, beginning at 6 o'clock, so as to be able to complete his program before 8 o'clock, that all who desire may attend the musical at the college. We hope to see a large attendance at both places.

Our liveryman, W. M. Arnold and a drummer, whom he was taking to Langford station, ran a narrow risk of losing their lives Tuesday by a falling tree. Before reaching Mr. G. C. Fish's, for some distance the road runs around the foot of a hill, with a big precipice on one side and an embankment on the other. Just as they were passing by a dead tree about two feet in diameter fell, striking the horse and knocking him, buggy and occupants down the embankment. Fortunately Mr. Arnold and his companion escaped uninjured, but the horse is very seriously injured and it is doubtful whether or not he will recover. One shaft was broken out of the buggy with a few other slight injuries.

Judge Robert Boyd, one of the oldest and most prominent citizens in Eastern Kentucky, died at his home at London last Friday afternoon, after an illness of only a few days, although he had been in feeble health for several years. Judge Boyd, besides being a lawyer of considerable note, was a very successful business man and had been a prominent figure in politics for many years. Because of the death of his betrothed, when a very young man, the Judge had remained true to his first love and lived a bachelor's life. But few men have been more successful in the accumulation of this world's goods than he, his wealth being estimated at \$150,000. Judge J. W. Alcorn, of Stanford, a life long friend and admirer, was one of those who was handsomely remembered by the Judge in his will.

Luther Manus has purchased a lot from R. B. Mullins, adjoining the lot of Meshack Gentry. We understand that Mr. Manus expects to build.

The case of the United States Court vs. Victoria Miller, charging her with making a fraudulent affidavit in order to secure a pension was called at Richmond Monday but was continued until the May term. Dr. S. C. Davis, Rev. B. S. Davault, Fred Hayes were those who went from here as witnesses.

BROWN MEMORIAL SCHOOL.

W. B. Adams, of New York, and Dr. Lindley Blaney, of Danville, were guests at the dormitory this week.

Miss Richards, the cooking teacher, is very much better and expects to return to her work at the beginning of the year.

Miss Adams' room had the best record last week. The students who were neither absent nor tardy were, Clyde Lair, Daisy Fish, Leila Sambrook, Julia Reynolds, Montie Martin, Alice Nicely, Ella Carson, Cora Griffin, Blanche Crawford, Zelma Jones, Flora Pennington, Killa Hiatt, Ivan Martin, Claud Thompson, Lincoln Pennington, Sherley Tate, Floyd Miller, John McNew, James Harness, Mike Kain.

Mrs. Fredericks and Mrs. von Eichen entertained the teachers very pleasantly Saturday evening.

Two weeks ago the high school and grammar grades met to form a society. Officers were elected and committees were appointed. The officers are Walter Miller, president; Mattie Baker, Vice-President; Maud Guthrie, Secretary; Claud Thompson, Treasurer.

MUSICAL NOTES.

The musical department is becoming quite a feature of the school and steady progress is being made in the direction of good music. The whole school is divided into two choruses, a junior and a senior chorus. It is notable that there is not a single student in either chorus, who does not sing. The boys sing as well as the girls. They sing well, and some good natural voices and tenors have been discovered among them.

A male quartet and a girls quartet have also been organized and are now in training. On the program of the next recital, will be found chorus numbers. A school orchestra will be organized very soon, work has already begun in this direction.

RENT PAYS FOR THE LAND.

FERTILE SECTIONS OF THE SOUTHWEST, WHERE LAND SELLS FOR \$15 AND RENTS FOR \$5 PER ACRE.

One of the remarkable things about Eastern Arkansas and Northern Louisiana is the fact that cleared land rents for \$5 per acre cash and can be bought for \$7.50 to \$15 per acre. It costs \$6 to \$10 an acre to clear it. Other improvements are slight and inexpensive.

The soil is rich alluvial, or made. It produces a bale of cotton per acre, worth \$45 to \$60. This accounts for its high rental value. Other crops such as corn small grains, grasses, vegetables and fruits thrive as well.

Alfalfa yields 4 to 6 cuttings, a ton a cutting, and brings \$10 to \$16 per ton.

In other sections of these states, and in Texas as well, the rolling or hill-land is especially adapted to stock raising and fruit growing. Land is very cheap, \$5 to \$10; improved farms \$10, \$15 to \$25 per acre.

The new White River country offers many opportunities for settlers. High, rolling, fine water—it is naturally adapted to stock and fruit raising. Can be bought as low as \$3 per acre.

See this great country for yourself and pick out a location. Descriptive literature, with maps, free on request.

EQUITY BILL

AGAINST THE OIL TRUST WILL BE FILED BY THE GOVERNMENT.

ANNOUNCEMENT WILL BE MADE

Dissolution of the Corporation and An Injunction Against a Continuance of Its Business Object Sought.

Washington, Nov. 14.—Messrs. Morrison and Kellogg, special counsel for the government in the Standard Oil cases, left Washington for St. Louis, where they will file the government's bill in the suits to dissolve the Oil Trust. The departure of these attorneys followed another long conference at the department of justice. The papers will be filed upon their arrival at St. Louis.

Arrangement has been made by the department of justice to make official announcement here the moment the attorney general has been advised of the filing of the papers. This announcement will consist of a carefully prepared abstract of the government's bill, showing the contents of the government and what the department of justice hopes to accomplish through the suit.

As has been heretofore stated, this action will be a bill in equity asking the dissolution of the Standard Oil Corporation and a perpetual injunction against its continuance in business in restraint of trade. The constituent companies now owned and controlled by the Standard, through which not only the price of refined oil is fixed, but the value of the raw product determined, will be made parties to the suit, and the government will seek to have them restored to their original condition as independent concerns.

Criminal proceedings against the managing directors and other officials of the Standard Oil Co. will not be brought concurrently with the proceeding in equity. Much of the evidence used in the equity suit can be utilized in a criminal proceeding, and it may happen that after the civil suit has been concluded criminal proceedings will be commenced. Until the suit is concluded the government will take no chances on individuals being given immunity, thereby preventing a successful termination to the more important action looking to the dissolution of the corporation.

DIVORCE CONGRESS MEETS.

One Third of the Proposed Uniform Bill As Drafted Adopted.

Philadelphia, Nov. 14.—The National Congress on Uniform Divorce Laws, in session in this city, adopted about one-third of the proposed uniform bill as drafted by the committee appointed at the meeting held in Washington.

The portion adopted includes seven causes under which annulment of a marriage may be obtained and six causes for absolute divorce. Delegates from 27 states and the District of Columbia and representatives of all Protestant denominations who attended the international conference on marriage, together with Catholic Bishop Shanley, of North Dakota, attended the discussions which were presided over by Gov. Pennypacker.

The causes for which divorce may be granted are infidelity, felony, bigamy, desertion, habitual drunkenness and intolerable cruelty. Soldiers Fight Furious Battle. Cheyenne, Wyo., Nov. 14.—Quite a sanguinary battle occurred on the streets of Cheyenne when a detachment of artillerymen from Ft. Russell attacked a number of infantrymen, all on leave. Each side fought desperately with knives. Five men were cut and slashed, one of whom is expected to die. The wounded were taken to the hospital. The cause of the fight is an old feud existing between the two arms of the service.

Pitcher Denies Statement.

Havana, Nov. 14.—Lieut. Col. William L. Pitcher's attention was called to an article in an American newspaper declaring that President Roosevelt had directed that an immediate report be requested from him as to whether or not he had been correctly quoted as denouncing negro troops while at Ft. Sheridan last year. In reply Col. Pitcher said that he had never entertained and never expressed such sentiments.

May Promote Brownson.

Washington, Nov. 14.—Rear Adm. William H. Brownson, who has just taken command of the American naval forces in the east, will, it is understood, soon be recalled to become chief of the bureau of navigation to succeed Rear Adm. Converse when the latter retires from that office.

Spasms St. Vitus' Dance

Many persons who suffered untold agonies from epilepsy, fits, spasms, and St. Vitus' Dance are today well. The strengthening influence of Dr. Miles' Nerve Tonic upon the shattered nerves having restored them to perfect health.

"I endured agony that words cannot express from St. Vitus' dance, which followed a very severe spell of rheumatism. I doctored with a physician, but the more I took of his medicine the worse I got. My mother's devotion saved me. After she had become almost heart-broken, as well as physically exhausted from constant care, by the advice of a neighbor she procured a bottle of Dr. Miles' Nerve Tonic. From the first dose to the last a continual change for the better was noticeable, and when I had taken eleven bottles I was well, and in robust health."

EDWARD D. BEAM,
North Manchester, Indiana.
"Our little boy Harry, had spasms for three years, and although we doctored with many physicians, he continued to grow worse until he had ten spasms in one week. About that time our attention was called to Dr. Miles' Nerve Tonic. We began giving it to him. His improvement seemed slow, but when he had finished the fourth bottle the spasms had disappeared, and have not been seen now for years. We shall always recommend Dr. Miles' Nerve Tonic."

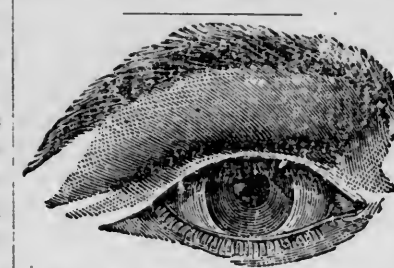

MRS. BELLE M. TINDALL,
Hastings, Neb.
Dr. Miles' Nerve Tonic is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

CURED OF BRIGHT'S DISEASE

Mr. Robert O. Burke, Elmora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night and I was all beat up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50-cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. Chas. C. Davis."

ADJOINING COUNTIES

Gold in paying quantities has been discovered near Wagsville, Estill county, eight miles south of Irvine, according to the statement of Attorney Hugh Riddle, who was in Lexington Saturday. Mr. Riddle says the samples of quartz sent to the United States assay office at Cartersville, Ga., were found to assay \$20 to the ton. In other parts of Estill county, particularly around Winston, gold has been found that assayed \$4 a ton. Considerable excitement prevails over the find near Wagsville, and a company will be organized to develop the strike. The land on which the gold has been found is not far from the home of the late Captain Wilson, the hero of Lookout Mountain, who with several brave comrades planted the stars and stripes on that lofty pinnacle during the memorable "Battle above the clouds" in 1863.—Lexington Leader.

Judge J. S. Bingham, on petition of the qualified number of voters, has called an election in Mid-dleboro for an election for December 12 on local option.

It is stated that if the drys carry in the local option election now approaching in Somerset, Middleboro, Clay and Whitley counties, there will not be left a single licensed saloon in the 11th district.

The official count showed that the proposition to put the current house in decent shape had failed to pass and the chances are the old hull will be allowed to rot down or till some one and the taxpayers be made to pay many thousand dollars in damages.—Lancaster Record.

The best treatment for indigestion and troubles of stomach is to rest the stomach. It can be rested by starvation or by the use of a good digestant which will digest the food eaten, thus taking the work off the stomach. At the proper temperature, a single teaspoonful of Kodol will wholly digest 3,000 grains of food. It relieves the present annoyance, puts the stomach in shape to satisfactorily perform its functions. Good for indigestion, sour stomach flatulence, palpitation of the heart and dyspepsia. Kodol is made in strict conformity with the National Pure Food and Drug Law. Sold by Chas. C. Davis.

Threatening letters were received in Pittsburgh Tuesday by officers of the Polish National Alliance from the Black Hand Society, demanding \$1,000 under penalty of death.

Here is our condensed opinion of the Original Cough Syrup: "Nearly all other cough syrups are constipating especially those containing opiates. Kennedy's Laxative (containing) Honey and Tar moves the bowels. Contains no opiates. Conforms to the National Pure Food and Drug Law. Sold by Chas. C. Davis.
